VIEW FROM THE TOP

As this year's Rock and Roll Hall of Fame induction ceremony approaches, there is the annual grumbling about who is not included. For what it's worth, here is my 3 cents. 1. Lonnie Donegan. Since the criteria for induction is "influence", not sales, this is a no-

brainer. When John Lennon met Paul McCartney, he was planning a "skiffle" band like the Lonnie Donegan hits he was hearing since 1956. The "Let it Be" album included a short version of the skiffle song, "Maggie Mae". 2. Cliff Richard: Even though his American influence was minimal in the 1950s, he was bigger than Elvis in the U.K. and still is after 60 years and 125 chart hits. 3. Connie Francis: Wanda Jackson finally gets recognized this year and Brenda Lee was inducted 16 vears ago, so why not Connie Francis? Though many of her hits are pop ballads, songs like "Stupid Cupid" and "Lipstick on Your Collar" are flat-out rock and roll. Many of my favorite artists including Nina Simone, Randy Newman, Tom Waites and Leonard Cohen have been inducted but they're not near as close to "rock 'n' roll" as my three choices for this Ken Sweigart

vear. Look for more grumbling next year.

ON THE ROAD AGAIN

The Keystone Record Collectors were informed January 25th that our show site, the Continental Inn, has been sold to Palace Entertainment. They are the owners of Dutch Wonderland, right beside the facility. We are good to go with shows there through March 2018. The building IS NOT being torn down. After that, the facility will be shut down for six months to remodel, with a probable reopening this fall. No further details at this time.

Site Coordinator, Bob "Will" Williams, is looking in earnest for a "temporary" six month show site that could become permanent if **KRC** and Palace cannot reach an agreement. Your

most up-to-date source for venue information will be our Facebook page. We've gone down this road many times before. We know what we have to do.

Marty Stuber passed away suddenly, on December 14. She was 73. She was an early member of the American Coaster Enthusiasts. In 2008, Marty attended the Pennsylvania Music Expo with records to sell that were her late husband Wayne's. She was referred

to **Jack Supplee**, a dealer with possible interest in the collection. As luck would have it, they both were interested in each other as well. Marty and Jack have been good friends for numerous years, traveling together on bus trips and attending concerts and other activities. She even helped

at record shows, until she became too ill to attend. Marty was a very friendly, kind woman, always smiling, who never seemed to share an unkind word about anyone. She was a fun person, full of energy and enthusiasm, a real loss for all those who knew her. - B. Derek Shaw

My first association with **Dave Shaver** was in 1967 when I was his summer replacement at WVCH Chester

Pa., as he was leaving for California. We managed to stay in touch and when he returned to the area a few years later, we found out we shared the same interests in radio and railroads. We made many trips together, always stopping by the local radio stations (they still were around then), checked out railroads and long

gone trolley lines, plus finding those special mom and pop diners. It was an association that lasted 50 years. We'll miss you buddy! - Dave Schmidt

Editor's Note: Dave was a frequent attendee of our shows until he was unable to, due to declining health. He passed on October 17. He was 72. Dave was also a member of the Broadcast Pioneers of Philadelphia.
